Joint Management Labor Committee

What is It?

It is a committee made up of an equal number of FOP and City members that will monitor the effects of the work schedule and make recommendations to modify, expand, or eliminate the work schedule.

Joint Management Labor Committee

What Does it Do?

The FOP and City must submit monthly reports. The committee will discuss ways to modify, expand, or eliminate the work schedules.

The only way that the work schedule can be modified, expanded, or eliminated is by agreement.

Joint Management Labor Committee

What Happens if the Sides Don't Agree?

An agreed upon arbitrator will be used to render a decision. The City cannot simply terminate the program as was done with previous pilot programs.
